

# Power your business with Campus X Flex Drop-In Plan

**Where you and your employees can escape  
work-from-home distractions and boost productivity**

Work uninterrupted in a serviced office with 100% focus on safety and seamless IT infrastructure where everything is taken care of. Ensuring that you and your team stay safe and productive and your business is fully operational and effective during and post COVID-19.

## **MAXIMUM FLEXIBILITY, MINIMUM COMMITMENT**

No long-term contracts and simplified contactless payment. You and/or your team decide when and how often you will work from the office and for how long. No application approval or bureaucratic hassle. [Send an inquiry](#), walk in and start working. Plus, Campus X is conveniently situated in the most active and buzzing tech district in Sofia – Mladost, near 3 subway stations, Sofia airport and the Business Park.

## **SAFE OFFICE ENVIRONMENT**

We have implemented the highest standard of protective measures, along with rigorous cleaning and disinfection, meeting and exceeding all global health and safety requirements. Expect increased frequency and focus on high touch areas, coupled with safety signages to encourage physical distancing, and a high-class HVAC system. Safe ozone-free UV-C light air disinfection and purification in the break-out zone and meeting rooms.

## **INCREASED PRODUCTIVITY**

Ever struggled with low productivity while working from home? Because of an endless list of distractions (the daily chores, external noises, etc.), or you have no secluded space to do focused work - family and roommates constantly overstepping work boundaries. Perhaps you lack essential office facilities. Working from a flexible serviced office will solve all these problems. Here's what you get at Campus X:

- Safe enterprise-level office environment to focus on your work
- Flex desk and ergonomic chair
- Access to a modernly equipped kitchen and a break-out zone, undergoing meticulous disinfection
- Complimentary drinks – tea, coffee, and water and so much more...

## ENTERPRISE-LEVEL SERVICES

At home, your work may suffer because of unsatisfactory IT infrastructure and slow Internet connection, unreliable electricity supply or frustrating tech setup. Not to mention the lack of dedicated space for important meetings (online or in-person).

All these slows you down and can lead to losing key clients and business opportunities... The solution? Avoid disruption with our enterprise-level services:

- Award-winning Cisco Meraki lightning-fast Internet connection
- Redundant power supply
- World-class platforms and business-class printers and scanners
- Fully equipped meeting rooms for key meetings and/or conference calls (upon request)
- Access to leading onsite service providers
- Fast and reliable support
- 24/7 access and security
- All utilities included in your plan

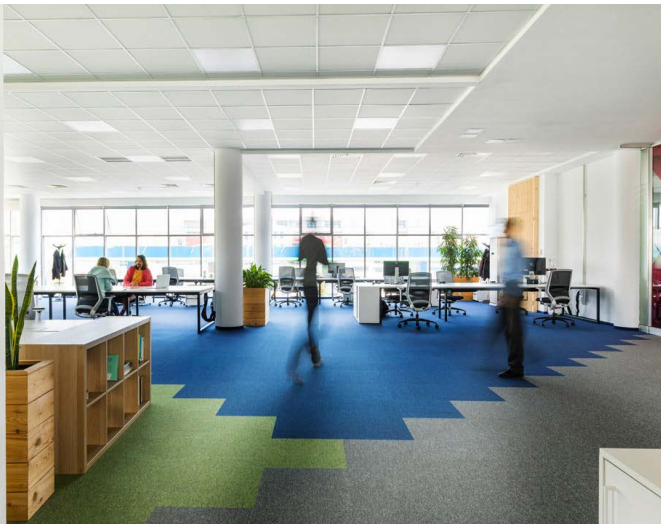

## FLEX DROP-IN PLANS

- 1 day - €10.50 (VAT excl.)
- 5 days - €50 (VAT excl.)
- 10 days - €95 (VAT excl.)
- 15 days - €135 (VAT excl.)

## BEST FOR

- Individual professionals (tech or non-tech), seeking a safe and flexible office solution
- Businesses (tech or non-tech), looking for a flexible end-to-end office solution, where their teams can temporary work and collaborate to increase productivity and efficiency.

Need a safe end-to-end office solution to boost your productivity and power your business?
